

Organ trafficking and tourism ethics compliance

Scientific studies and clinical activities must be performed in keeping with the ethical principles outlined in the Declaration of Istanbul on Organ Trafficking and Transplant Tourism and associated consensus statements on live donation and research on human subjects.

By submitting an abstract, you state that you have not violated any aspect of the following:

- [The Declaration of Istanbul on Organ Trafficking and Transplant Tourism](#) Lancet. 2008 Jul 5;372 (9632):5-6.
- For Live Kidney Donation - [The Consensus Statement of the Amsterdam Forum](#) Transplantation 79(6): S53-S66, 2005).
- For Live Donation of Extrarenal Organs - [The Consensus Statement of the Vancouver Forum](#)(Transplantation 81(4): 1373-1385, 2006).
- For research involving human subjects - [The Helsinki Declaration of The World Medical Association](#).
