ISN Interventional Nephrology Training Centers (1)

- There are 12 centers officially recognized as ISN Interventional Nephrology Training Centers located in 10 regions of the world.
- All the ISN Interventional Nephrology Training Centers are qualified for the Foundation Course (2 to 4 weeks, Level 1) and the Advanced Course (3 months, Level 2) specifically in the procedures approved by ISN.
- Training is normally provided by nephrologists. However, trainers can be surgeons or radiologists when they have officially agreed to train nephrologists as a part of the team.
- ISN will support ISN Interventional Nephrology Scholars with a grant to contribute to their travel, accommodation and living costs during the training.
- The deadline to apply is April 1, 2022.
