The evidence-based CKD clinic

Changing practice with SGLT2 inhibition

Friday, 25th February 2022; 09:30–11:00 CET

Speakers

Chair
Professor
David Wheeler

Dr Sunita
Bavanandan

Professor
Carol Pollock

Learning objectives

- Recognise SGLT2 inhibitors as part of the evidence-based CKD treatment landscape

- Understand data supporting the renal efficacy of SGLT2 inhibition in relation to the treatment and clinical outcomes of CKD

- Be able to identify the optimal time to initiate SGLT2 inhibitors in the treatment of CKD
