## About Kshamtaa

Launched in 2015, Project Kshamtaa is a heartfelt initiative that enriches the lives of economically marginalized women in urban slums by enhancing their skills. With training and guidance, deeply rooted in local traditions yet oriented towards modern urban needs, we are able to nurture self-sufficiency and resilience in these women.

Kshamtaa turns challenges into opportunities, fostering a sense of pride and potential. As a beacon of hope, we are dedicated to uplifting communities and creating a more inclusive and skilled workforce.
