Candidate's Statement

I will sustain the current ISN-sponsored CME activities in Jordan and Dubai

I will expand the CME activities it to the less privileged areas in-order to provide Nephrology knowledge and up to date information to these areas. These new areas include Iraq, Oman, Bahrain, Iran, Pakistan

I will try to involve and align local societies with the activities of ISN

Through my widespread friendship with nephrology colleagues and local societies in ME, I will try to generalize and spread the ISN causes and objectives to all colleagues

I will try to increase current ISN membership by 30%

I will try to fill all ISN-Sponsored nephrology fellowship positions to the least privileged areas

I will try to establish many ISN programs in the region

I will work hard to get more research activities in the region directed to young investigators
