Candidate's Statement

Statement on what you wish to accomplish as an ISN Regional Board leader and ISN Councilor (maximum 150 words)

I have served ISN as a committee member of South-Asia Regional Board since 2016; ISN-ANIO-India-Committee for three years; ISN-Sister Renal Centers 2019-21 and pleaded for grant-in-aid

for the same as Hon. Secretary of ISN-India. Now, I am also part of the ISN ESKD Strategic Plan - Dialysis Group.

I have an insight of working in collaboration with public and private groups like Global Burden of Diseases, APSN guideline-Prevention of Diabetic Nephropathy (Nephrology 2020;25:12–45), Indian CKD Cohort Study (now part of iNET-CKD), national leadership as Secretary ISN-India, and liaising public sector as Prime Minister National Dialysis Program member.

With tremendous **international, regional, and national leadership** experiences and opportunities *as deputy-chair SARB and ISN Councilor*, I will strengthen the collaborative work with regional societies in SA and LMICs. I will promulgate issues related to kidney diseases in the region in the ISN council. It will help fulfill ISN's mission, advancing kidney health worldwide through education, grants, research, and advocacy.
